

T2A ONLINE COOKING CHALLENGE

1. Host a Teams meeting and invite young people.
2. Send out recipe suggestions and a Woolworths or Coles gift card for them to purchase food items.
3. Encourage the young people to budget and prepare the food.
4. When the event is online, get the young people to showcase their amazing cooking creations. Have a chat about T2A supports and services (before you announce a competition winner).
5. Give away a prize to a young person who wins the 'Plate up' contest at the online event. You may like to give away a lucky door prize using <https://wheeldecide.com/>
6. You may like to invite someone from a T2A support service like Next Step Plus to attend the online event to chat briefly with young people. You may like to include other activities like T2A bingo or a budgeting quiz.
