

# T2A ART GALLERY

1. Register with a free art gallery page like <https://www.art-3000.com/members/register/>
2. Invite young people to email their art works or photographs around a T2A theme (for example: 'Dreams for my future', 'My networks', 'Heart of my journey'). Make sure you get consent to display their art.
3. Upload artworks. Encourage staff, carers and young people to view the artworks by sending out the web link.
4. Give away a prize (e.g. draw) for participants. You may even want to host an online prize ceremony through Teams (inviting young people and workers) and chat about T2A supports and resources during the online gallery launch.
